7 SRS AIRBAGS

REINFORCED CHASSIS FRAME

NEW ENGINE
4N16
184PS

EURO 4

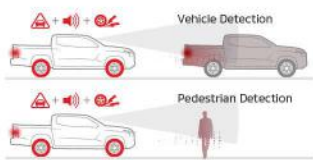

PEACE OF MIND

WITH ADVANCED SAFETY FEATURES

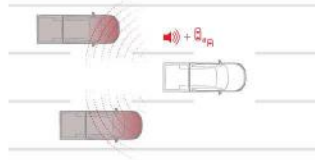

SMART TECHNOLOGY AND ADVANCED SAFETY FEATURES

MITSUBISHI MOTORS menawarkan fitur keselamatan canggih untuk memberikan ketenangan dan keamanan selama berkendara.

Forward Collision Mitigation system [FCM]

FCM mendeteksi kendaraan dan pejalan kaki. Memberitahu pengemudi dengan peringatan audio dan visual, serta mengerem untuk menghindari atau mengurangi potensi tabrakan.

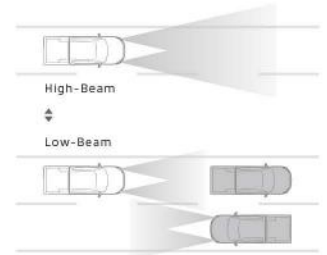

Blind Spot Warning [BSW] with Lane Change Assist [LCA]

Sensor radar bumper belakang mendeteksi kendaraan di blind spot di kedua sisi. Jika kendaraan lain terdeteksi saat lampu sein menyala, indikator akan berkedip di kaca spion samping dan alarm berbunyi.

Rear Cross Traffic Alert [RCTA]

Saat mundur, jika sensor radar mendeteksi kendaraan bergerak, sistem memperingatkan melalui peringatan visual, suara dan kaca spion, membantu meningkatkan keselamatan dan mencegah potensi tabrakan.

Automatic High-Beam [AHB]

Untuk meningkatkan keselamatan dan kenyamanan berkendara di malam hari, lampu high beam berubah otomatis menjadi low beam saat mendeteksi kendaraan lain di depan.
